

WILCAP COMPANY

FA1 OIL FILTER ADAPTER

ENGINE APPLICATION YEARS/CID:	V8 CHRYSLER 54-58, DODGE 53-58, PLYMOUTH 55-58
OIL FILTER USED:	FRAM PH8A OR PH46 OR EQUIVALENT
MATERIALS USED / MACHINING METHODS	356 CAST ALUMINUM, CNC MACHINED, ALLOY NIPPLE-W/BROACHED HEX DRIVE. .032" THICK GASKET, GRADE 8 BOLTS AND HARDENED LOCK WASHERS
ADDITIONAL PARTS NEEDED:	OIL FILTER

NOTES; The FA1 places the filter in a horizontal position and allows for the starter to be placed on the passenger side. It comes with the gasket and bolts. In some cases it has been found the oil filter adapter block boss was milled shorter on some blocks so it may be necessary to use the smaller oil filter. Complete instructions are included for installing the adapter.
